

## Chinese American CEO Organization Joins Nationwide Food of Love Day of Charity Initiative

At this time of unprecedented national health crisis, when many in the United States are out of work and struggling to make ends meet, Chinese American CEO Organization (CEO) delivered 250 healthy, nutritious and delicious Chinese meals from local restaurant to frontline caregivers of Emanate Health Queen of the Valley Hospital in West Covina on Monday, May 11, to thank them for their dedication and also celebrate National Hospital Week. Chinese American CEO Organization President Edward Lee, VP Sophia Wen, Board Member Kenny Chang and Wendy Doo attended the delivery.

This is to celebrate the nationwide Food of Love Day launched by United Chinese Americans (UCA), along with Chinese American communities in all 50 states and more than 100 cities to donate food to the people and institutions hit hardest by the coronavirus including homeless shelters, senior centers, hospitals, and soup kitchens.

May 10th is a significant date in Chinese American history. It marks the completion of 151 years ago of the Transcontinental Railroad, which early Chinese immigrants helped construct. May is also designated as Asian Pacific American Islander Heritage Month. With the COVID-19 crisis creating so much food insecurity for Americans of all ethnicities, it is a great time to come together and share with our neighbors.

Founded in 1996, Chinese American CEO Organization is a reputable, non-profit, mutual benefit membership organization in Southern California. There are about 150 prestige members who are successful Chinese American entrepreneurs, business executives, professionals in America.

This food drive launched by Chinese American CEO Organization today is in addition to the previous donation of Personal Protective Equipment (PPE) including N95 and KN95 masks, and gowns of values of around \$65,000 to local hospitals and service departments such as LA County Department of Health Services, USC Keck School of Medicine, UCLA Health, Huntington Hospital, Queen of the Valley Hospital, St. Joseph Health, San Marino Police Department, Chino Hills Police Department and Alhambra Police Department to protect our frontline heroes.
