

*For Immediate Release*

Master System, Inc.

2012 **OFFICE MASTER SYSTEM™ (OMS)** User Conference

Master System will hold our annual user conference on Friday, May 18, 2012 at the Santa Anita Golf Course Ballroom, in Arcadia, California.

## The Turning Point

*where Electronic, Economy, Everywhere, and Insanity meets OMS*

The 2012 **OMS** User Conference will show you, our most advanced users, how to get to the heart of what matters most. You will have an opportunity to gain insightful experiences beyond the day-to-day use of **OMS**. Hundreds of **OMS**'s advanced users are expected to attend. You will meet invited guest speakers, colleagues and peers of other **OMS** customers, and witness firsthand. Our expert team presents the hidden power of **OMS**. Further details will be announced at a later date, and suggestions are welcome.

**Event:** 2012 **OFFICE MASTER SYSTEM** USER CONFERENCE

**Date:** Friday, May 18, 2012 from 9AM to 3PM

**Location:**

SANTA ANITA GOLF COURSE  
405 South Santa Anita Avenue  
Arcadia, CA 91006

**Agenda:** Details to follow

**Reservations Required:**

Please call **Rachel** at (626) 821-0882 or email [rachelj@mastersystem.com](mailto:rachelj@mastersystem.com) to confirm your attendance. Attendance to this conference is by reservation only. Seating will be on a first-come, first-serve basis for customers with a valid service contract on the conference date. In order to accommodate as many customers as possible, we must limit seating to **two** free seats per company.

Because of the limited seating accommodations and in order to be fair to **all** Master System customers, please be advised of the following:

- For any customer electing to send more than 2-people there will be a charge of \$300 for each additional attendee beyond the two free seats.
- Any customers who are not on the Master System Annual Service Contract are welcome to attend the conference at the cost of \$300 per person from your company.

Do not miss out on the opportunity to learn how to “Do More With Less.”
